

SETH M. SHULMAN

Los Angeles, California

I love being curious & exceeding expectations. With over a decade of experience, my primary goal is to build a relationship with creative people and help mold a lasting image into the audience's mind. I have fun too!

My work has aired nationally for CBS, ABC, and PBS. It has screened at the American Film Institute, Academy of Television Arts & Sciences, Panavision and worldwide. Clients include NBA Cares, HooplaHa, Charles Phoenix, American Cinematheque, the Catalina Island Museum, Long Beach Heritage, the Art Deco Society of Los Angeles, and the Fillmore Jazz Festival in San Francisco.

Working together, we will be the curtain that is pulled back and reveals a world familiar yet unlike our own. Let's get started!
